Acquire, manage, and optimize talent

Our wide-ranging, yet specialized spectrum of services across verticals and functions gives you the ability to acquire, engage and retain the right talent on-demand – when, where and how you need it; contract, direct hire, RPO, or statement of work.

Global local and niche talent pool

The talent you are searching for can be right across the street or the globe. With 40 offices globally, our team has the ability to source talent virtually anywhere.

Quality, on-time and scalable solutions

A perfect combination of global talent, our scientific approach, proprietary technology tools and specific industry expertise delivers best in class quality with remarkable speed, and often reducing overall recruitment costs and time.

Demonstrated results across industries

From start-ups to Fortune 500 clients, we are talent partners for a broad array of industries through our specialized service teams comprised of subject matter and industry specialists.

Trusted talent partner

With a client retention rate of 97% and business conducted globally, US Tech Solutions has demonstrated the ability to consistently provide exceptional service.
